

## Aggreko Energy Leadership, Innovation Featured on FoxBusiness *Inside the Blueprint*

**HOUSTON, TX** (September 17, 2019) – [Aggreko plc](#), the global leader in rental power and heating and cooling, will be featured on [FoxBusiness \*Inside the Blueprint\*](#), a series that focuses on innovations in the commercial construction and design space, on September 29<sup>th</sup> at 4:30 p.m. ET/3:30 p.m. CT.

The [segment](#), shot at Aggreko's Texas and Louisiana facilities, takes an in-depth look at the history and expansion of the temporary power, cooling and heating provider. Viewers explore the many sectors Aggreko serves such as petrochemical and refining, utilities, manufacturing, construction and large-scale events, and how these vastly different businesses benefit from the company's innovative engineered solutions that turn commodity generator and HVAC equipment into high-value propositions for customers – and separate Aggreko from the pack of traditional rental companies.

"We do a wide range of projects ranging from the most-watched sporting events and natural disasters, to micro-grids in remote areas and high-risk industrial work," said Charley Royce, Managing Director for Aggreko North America. "All of our products are mobile, modular and scalable to meet the needs of a changing base of customers. This innovative approach allows us to serve customers across a large spectrum of needs. The modular approach to what we do allows us a lot of flexibility and gives us the latitude to solve problems across a wide variety of sectors all over the world, just when we're needed most."

### EDITOR'S NOTES

Around the world, people, businesses and countries are striving for a better future - a future that needs power and the right conditions to succeed.

Aggreko works round the clock, making sure everyone gets the electricity, heating and cooling they need, whenever they need it – all powered by our class-leading equipment, trademark passion, unrivalled international experience and local knowledge. From urban development to unique commercial projects and even humanitarian emergencies, we bring our expertise and equipment to any location, from the world's busiest cities to some of the most remote places on earth.

That's what has made us the world's leading provider of modular, mobile power and heating and cooling. We've been in business since 1962. We have more than 7,300 employees, operating from around 200 locations in 100 countries. With revenues of approximately GBP 1.7bn (USD 2.2bn or Euros 2bn) in 2017, we are listed on the London Stock Exchange (AGK.L) and have our headquarters in Scotland.

Our business helps transform the lives and livelihoods of individuals, organisations and communities across the globe, in both developed and developing countries and markets.

We operate across all sectors, including oil and gas, petrochemical and refining, utilities, manufacturing, construction, mining and events.

We design and manufacture equipment specifically for these requirements in our factory in Dumbarton, Scotland and work with leading innovators to ensure our equipment offers maximum fuel flexibility, by using gas, diesel (including HFO) and renewable fuel sources.
